

The Story of KittyLitter™

Once upon a time there was a cat named "Bubba Kitty." Bubba Kitty loved and lived with his special friend, Tim. They shared funny jokes, ate seafood, and took many naps together. One day, Tim learned he had cancer. This news scared Bubba Kitty, but he was brave and loved Tim with all his heart. Tim wasn't able to stay with Bubba Kitty, because God needed someone to share jokes and make people laugh in heaven.

Bubba Kitty went to live with a special new friend, Pumkin. They now share many new adventures, eat lots of chicken, and take even longer naps than ever before. Bubba Kitty misses Tim dearly, but learned life doesn't always provide "happily ever afters." Sometimes life gives us lots of "kitty litter" that we must shake from the bottom of our paws as we step forward. With Pumkin, Bubba Kitty has learned the best he can do is celebrate life's "moments" and love those around him.

It is with this in mind and the memories of Tim that these cards have been created for you.
